

Overview of the Tri-State Regional Extension Center led by HealthBridge

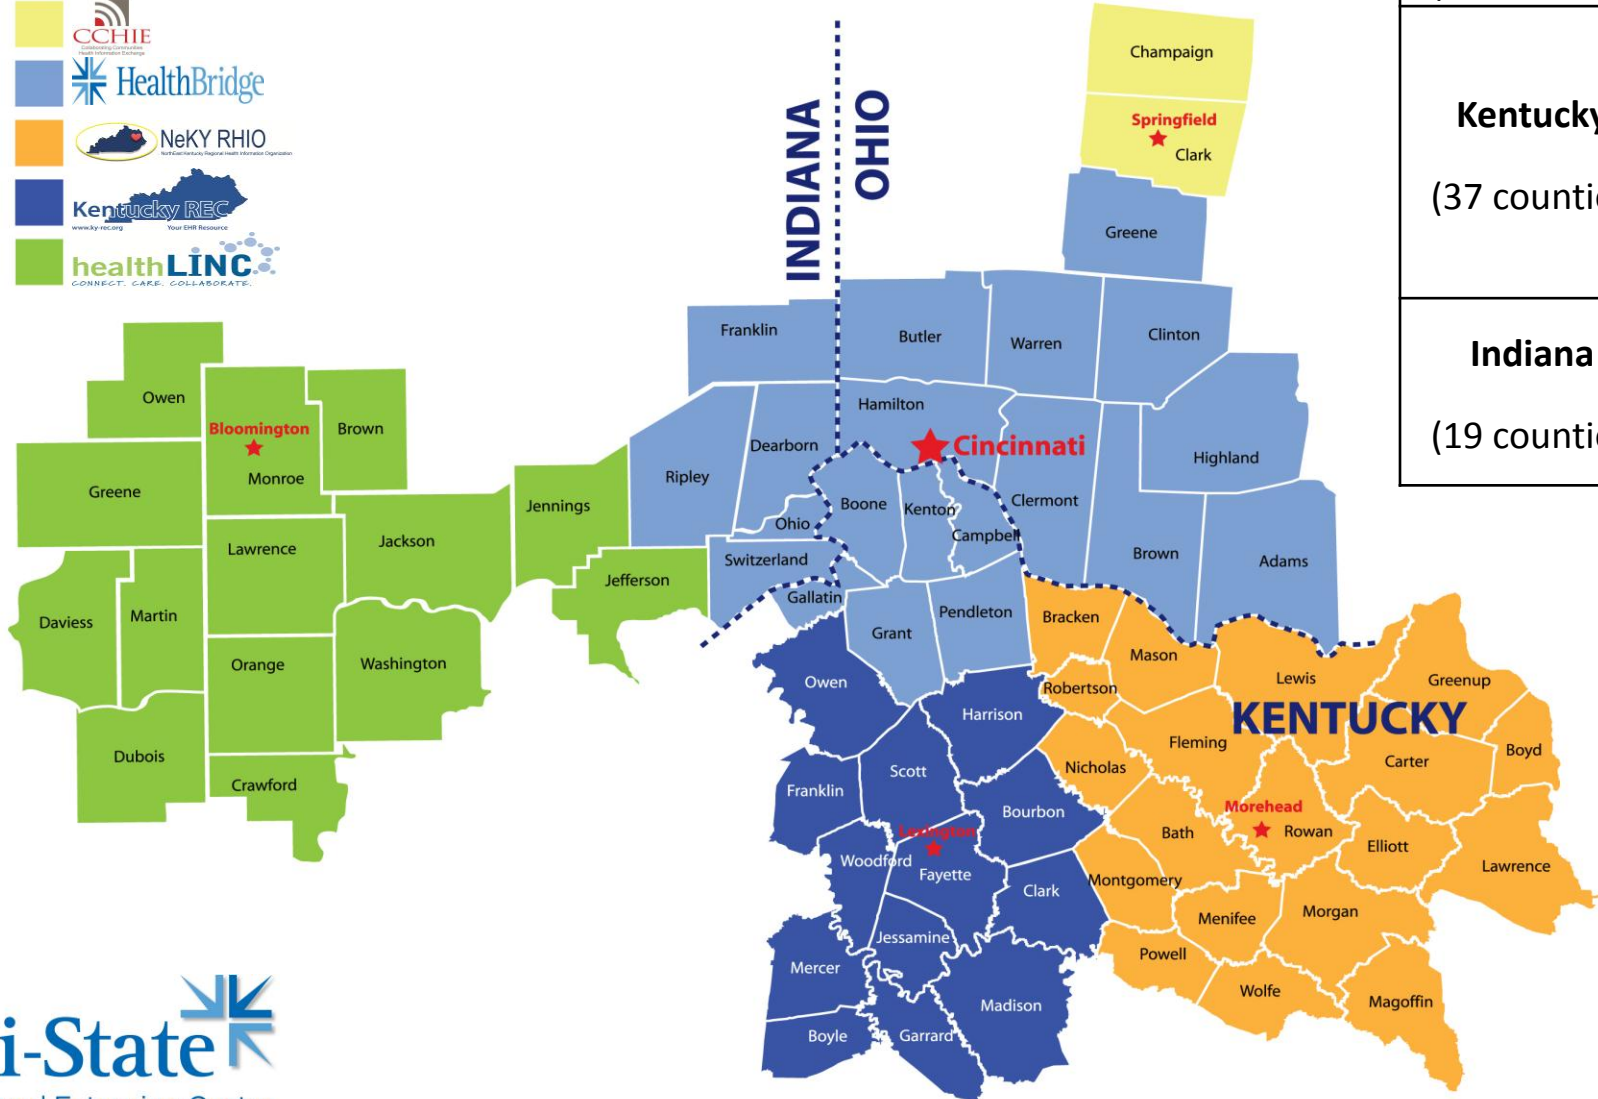

Mary Zile, Director Practice Consulting
mzile@healthbridge.org

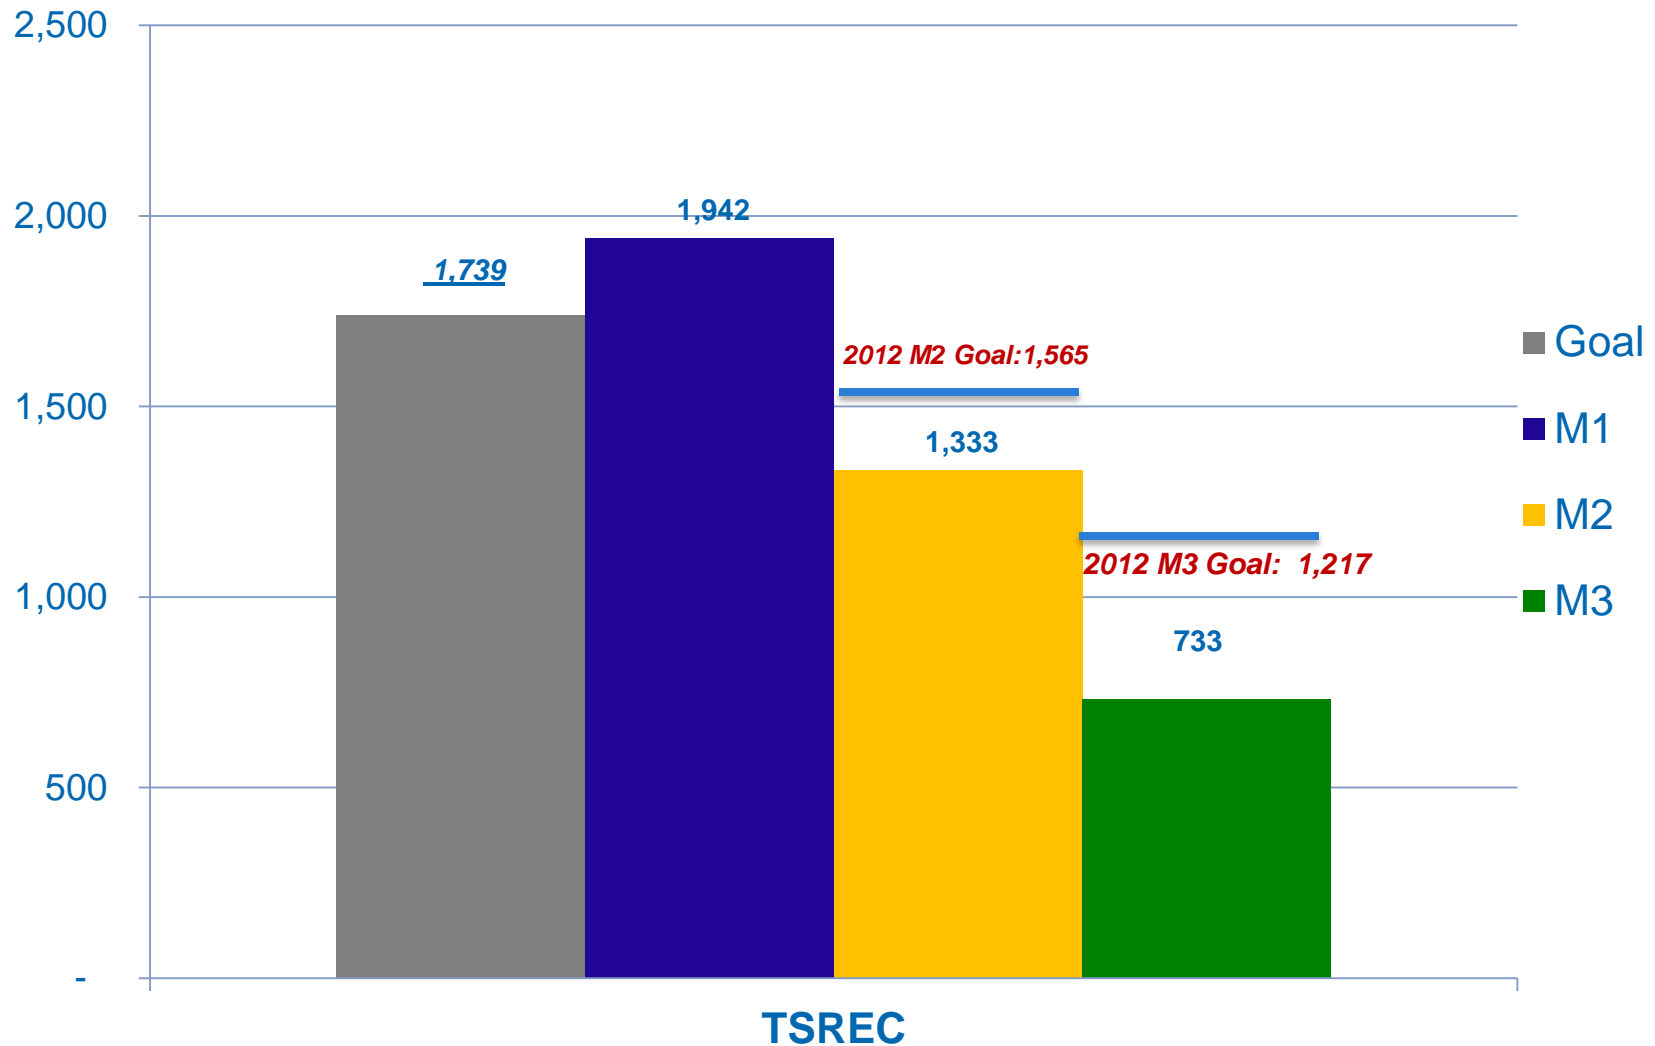

Tri-State Regional Extension Center

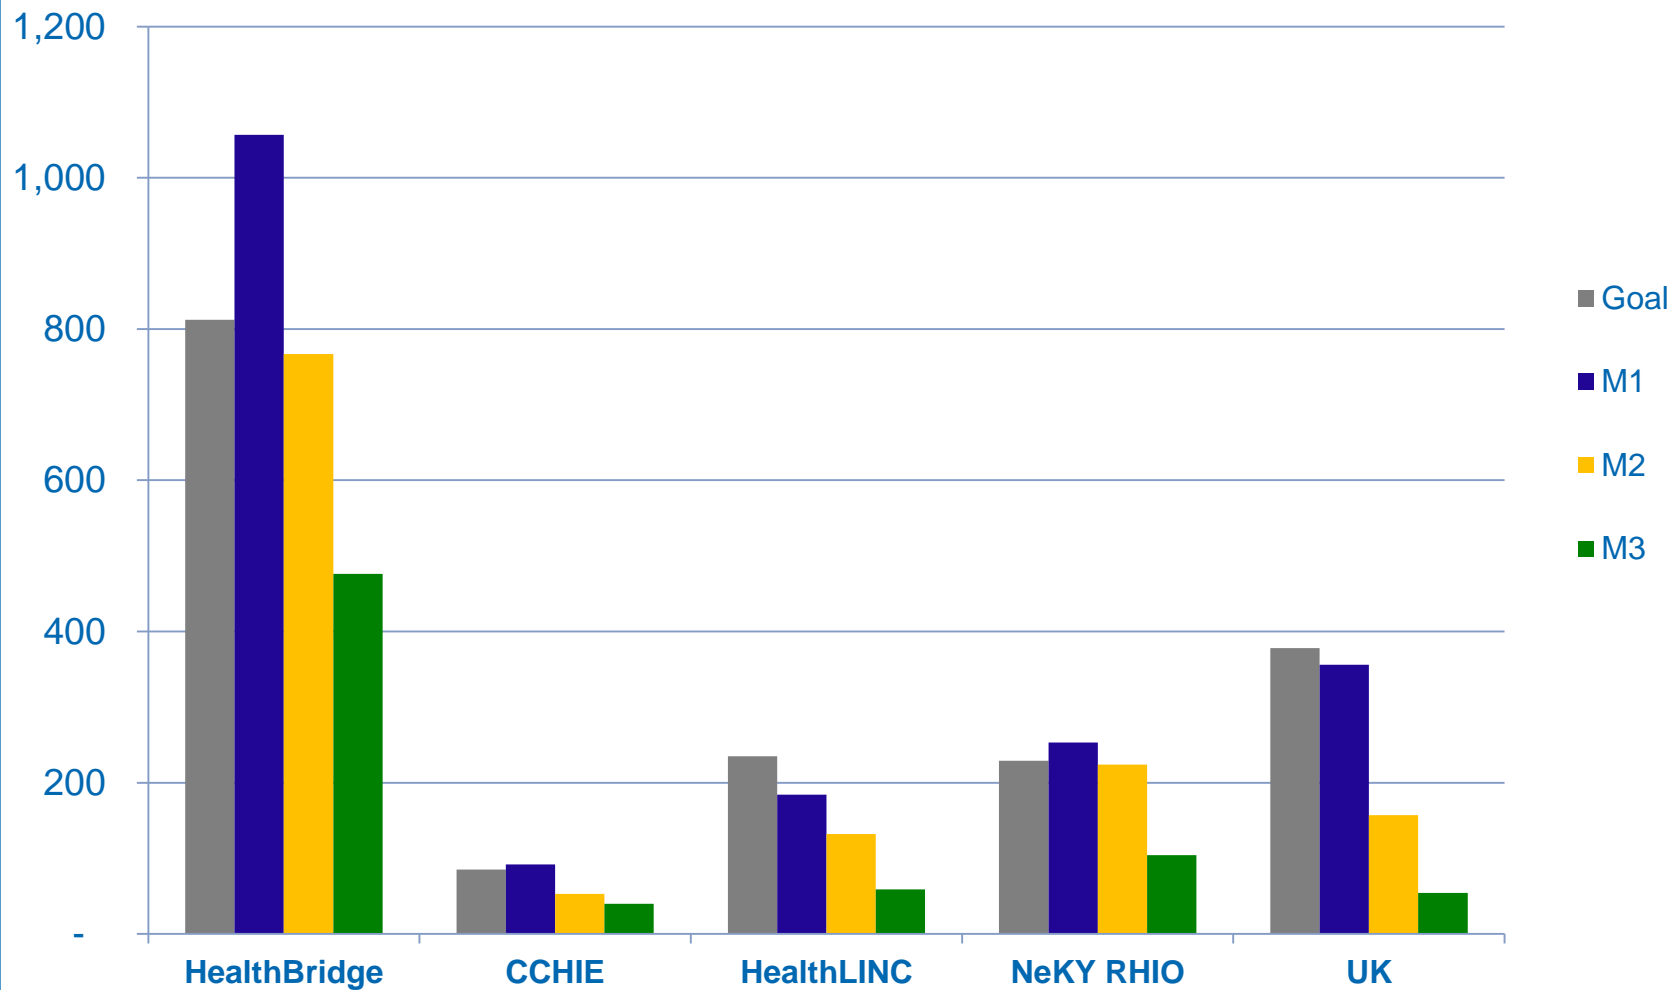

State
Ohio (11 counties)
Kentucky (37 counties)
Indiana (19 counties)

Tri-State REC Milestone Achievement

Partner Milestone Achievement

Key Activities

- Projected to achieve 2012 goals for 90% Milestone 2 and 70% Milestone 3 by 12/31/2012
- Working with Federally Qualified Healthcare Centers (6 entities, 30 sites, and approximately 100 providers) with projections to reach Meaningful Use by 12/31/12
- Using NHIN Direct or Clinical Messaging for MU Core 13: Capability to exchange key clinical information
- Undergoing REC pilots for EHR to registry data push
- State of Ohio Department of Health requirements met for Stage 1 Hospital MU Syndromic Surveillance reporting
- KHIE-HealthBridge-St. Elizabeth success on HIE connectivity
- Now working with KHIE on immunization connectivity with several practices
- Immunization pilot with Ohio Impact SIIS with successful transmission of messages from providers to ODH

Health IT leaders who make a difference

- *Summit Family Physicians was a paper-based practice in mid-2011.*
- *REC helped with EHR adoption, EHR live Sept. & attested in December 2011.*
- *It is a Beacon Medical Home and applied for Level 3 NCQA certification.*

“Having an EHR and all the capabilities that it provides has revolutionized our practice. We now run reports that can help our providers identify patients who are due for such things as flu shots or mammograms.”

**Dr. Mark
Fraser and
Leah
Brunie,
ANP
of Summit
Family
Physicians**
